

Business Plan — AI-Powered Social Media Agency (Small Businesses)

Prepared for Ruveda

1) Executive Summary

Launch a hybrid business model:

- **Phase 1:** Productized service (done-for-you + automation)
- **Phase 2:** SaaS platform (self-serve automation)

Goal: help small business owners post consistently with minimal effort.

2) Problem

- No time for content creation
- Inconsistent posting
- No clear content strategy
- Traditional agencies are expensive

3) Solution

- Monthly content ideas
- AI-generated captions + post text
- Branded templates
- Scheduled publishing
- Optional human review

4) Target Market

Small businesses (1–20 employees), especially owner-led local service businesses: salons, clinics, cafés, gyms, real estate, etc.

5) Offer Strategy (What to Sell First)

Phase 1 (Months 1–3): Instagram Growth Pack (12 posts/month, captions + hashtags, scheduling, monthly calendar)

- Basic: €149
- Growth: €299
- Premium: €499

Phase 2 (Months 4–8): Semi-automated productized service (€79–€199/month).

Phase 3 (Months 9–12): SaaS launch with self-serve posting workflows.

- Starter: €29
- Growth: €79
- Pro: €149

6) Revenue Model

- Monthly subscriptions (main)
- Optional onboarding fee (€99–€299)
- Add-ons: reels, strategy calls, ad creatives

7) Go-To-Market

1. Pick one niche first
2. Offer pilot to 3–5 clients at discount
3. Collect case studies/testimonials
4. Use Instagram + LinkedIn + local outreach
5. Add referral incentive

8) Operations & Automation Stack

- AI writing: OpenAI / Claude
- Templates: Canva
- Automation: Make.com (or n8n)
- Scheduling: Buffer / Metricool
- CRM + onboarding: Notion/Airtable + Tally

Workflow: Onboarding form → AI drafts → Template fill → Approval → Scheduling → Monthly report.

9) Financial Targets (Year 1 Example)

- Months 1–2: 3 clients × €299 = €897 MRR
- Months 3–4: 8 clients × €299 = €2,392 MRR
- Month 6: 15 clients × avg €320 = €4,800 MRR

- Month 12: €8k–€15k MRR (service + early SaaS)

10) Key Metrics

- Client retention
- Publishing consistency
- Engagement lift
- Lead generation per client
- Production time per client

11) Risks & Mitigation

- **Generic AI content** → niche templates + human QA
- **Client churn** → reporting + first-30-day quick wins
- **Too much manual work** → SOPs + automation
- **Build SaaS too early** → validate service first

12) 30-Day Action Plan

Week 1: choose niche, finalize packages, create onboarding form

Week 2: build templates and automation workflow

Week 3: onboard 3 pilot clients and deliver first calendar

Week 4: gather testimonials, improve pricing + process
